

DuGe Boutique Hotel (Beijing)

Name : DuGe Boutique Hotel (Beijing)

Address : Qianyuanensi Hutong No 26, Nanluoguxiang, Dongcheng district, Beijing

Description : DuGe is the first designer courtyard boutique hotel in China. Its distinctive red-and-blue doors are inviting, promising and a little mysterious. From the moment guests step over the high threshold that characterizes traditional Chinese entrances, they are taken on a journey through time and design, in which traditional Chinese architecture frames sleek, lacquered contemporary furniture and rooms are illuminated by ornate, crystal chandeliers.

Each themed suite and room is uniquely designed with its own matching and coordinated bath or shower room. Black paper-cuts adorn the courtyard-facing windows, wall-coverings and drapes are rich and luxurious. No detail has been left to chance. Colors are warm, bold and subtle by turn, and each suite creates a mood that is both welcoming and surprising.

Crossing the courtyards to enter the hotel's Reflections dining-room, brings further surprises in the blending of classic East-meets-West styles and bright contrasted hues combined with intricately carved woodwork, the whole enhanced with Baccarat chandeliers and mirrors that create reflections of infinity.

Outside the restaurant is the pocket-sized White Russian bar, its glassware warmly glowing and inviting for guests seeking refreshment, a pre-dinner drink or a relaxing chat with friends and other guests. In the courtyards, the bamboo rustles, the traditional lanterns glow softly and against the sky are etched the curved roof ends of each one of DuGe's pavilions.
